**Re: To Build Hospital and Modern Medical School
Teaching and Learning Facility in Kehroor Paka, Pakistan**

Dear Honorable Yasmeen Rashid,

Thank you for all you are doing in Pakistan. My sister, Nasim Khan and I are so inspired by what we are reading, watching and learning about your efforts. Our Grandfather before he passed away in Atlanta, Georgia, in the United States shared with us a dream for the Pakistani Government to build a hospital on his property in Pakistan. My grandfather's lands have been donated.

My sister and I would very much like to see a hospital and Modern Medical School built there. We will come to the region and bring resources such as doctors, books, and modern medical equipment for the hospital. We will begin an ongoing relationship to help your area in Kehroor Paka thrive in health.

Our parents, Farida and Sadiq Zia Khan brought us to America in the 70s and we have been quite educated in Medicine, Media and Nonprofit work throughout the world. Our brothers Shahzad and Shawn Khan are very supportive of empowering this region in Pakistan as well. We would love to help in Pakistan. We would love the government to begin building a hospital and we are happy to assist.

Kind Regards,

Dr. Sarah Larsen
